ACTIVITY BOOK

INSIDE THE CREST

“Tormenta” is the Spanish word for storm. In the crest, there is an ibis with cloudy skies and waves underneath.

The Ibis is a marsh bird native to the states of Georgia, Florida and the Carolinas. Known for bravery, the Ibis is the last to flee before a storm and the first to come back afterwards. According to Native American folklore, the Ibis is considered a leader among all birds and can also be seen as a symbol for optimism and danger.

MEET BOLT

Bolt the Ibis is Tormenta FC's team mascot whose job includes pumping up the crowd, hanging out with fans, and cheering on Tormenta. He is fun, competitive, brave and most importantly, he loves soccer!

Bolt grew up on the Georgia coast. After a big storm swept him away, Bolt flew and swam until he washed up on Tybee Island near Savannah, Georgia. Luckily, our Aussie captain, Josh Phelps, was surfing in the area. After being picked up by Phelps, Bolt has felt at home ever since.
